## FRUIT TREES

*"Great Opportunities—Better Prices for Fruit"*

The very best opportunity the Farmers and Orchardists have ever had for their fruit is now.

"Destruction of Orchards in the European, war-torn countries and the lack of orchard plantings in the United States has caused an alarming shortage of fruits."

### Grapes

#### RED GRAPES

**401 CATAWBA (Red)**  
Large, sweet and aromatic. Good quality

#### WHITE GRAPES

**404 NIAGARA (White)**  
The leader of all in white grapes

	PRICES ON GRAPES		
	Each	Per 10	Per 100
One year	.30	2.50	20.00
Two year	.40	3.50	30.00

"Grape Vines will produce more fruit and furnish more real pleasure than any known fruit, considering investment."

#### BLACK GRAPES

**402 CONCORD (Black)**

Is considered one of the best grapes—The old favorite

**403 MOORES EARLY (Black)**

Ripens early, good market berry.

CONCORD GRAPES

DOUBLE RED DELICIOUS

### Apples

#### WINTER APPLES

**105 DOUBLE RED DELICIOUS**

The new, superior Delicious. Fruit extra large, bright red all over; flesh white and fine grained, rich, melting and juicy. Of the very highest quality. Tree young bearer, sometimes three years.

**106 YELLOW DELICIOUS**

A golden yellow apple with remarkably good flavor, popular for eating during the fall and winter months. Trees bear young and abundantly. Splendid keepers.

**107 STAYMAN WINESAP**

An extraordinary market apple. Keeps year around in storage. Bright, red skin and firm, juicy, fine white flesh. Excellent for eating, cooking, canning, shipping.

**108 RED WINESAP**

A red apple with excellent flavor and one of the best apples to put up for home use or to put on the market. Comes into bearing early; very long keeper. Cold storage variety.

**109 RED ROME BEAUTY**

Large winter apple of good quality, has a solid deep, red color, thick skinned, stands handling well, and a good keeper, bears young.

#### SUMMER APPLES

**101 ANOKA**

Noteworthy for its beautiful red striped fruit and early bearing, often producing apples the second year after planting. This apple comes to us highly recommended. Fruit excellent quality.

**102 YELLOW TRANSPARENT**

Earliest and best, white, tender, and juicy, sprightly subacid, grows rapidly, bears young, and is very profitable. August.

#### FALL APPLES

**103 RED JONATHAN**

A beautiful, bright red apple, of excellent quality and highly flavored. It is tender, juicy and rich. A splendid tree for home orchardist.

**112 IMPROVED YELLOW HORSE**

The best late summer, yellow cooking apple. Large, yellow, fine flavor.

#### PRICES ON ALL APPLE TREES EXCEPT THE PATENTED NEW ALMEDA

	Each	Per 10	Per 100
18-24 in. whips	.45	4.00	25.00
2-3 ft. whips	.60	5.00	35.00

5-6 ft. branched	1.25	10.00	90.00
6-7 ft. branched	1.50	12.50	[Supply Limited]

### "The New Almeda"

**BOYD'S NEW SENSATIONAL APPLE DISCOVERY—Tennessee's own patent (No. 327) apple.**

**100 THE ALMEDA APPLE (It has never missed a crop in 20 years)**

It is a large, smooth, yellow apple that starts bearing about the middle of July. It is fine for eating and also an excellent cooking apple; is an annual bearer; a disease resister and a good cooking apple and it is self fertile. This apple has many good qualities and believe that it will prove very satisfactory for home use, or in commercial orchards.

#### PRICES ON THE ALMEDA APPLE

	Each	Per 3	Per 10
18-24 in. whips	.60	1.65	4.75
2-3 ft. whips	.85	2.40	7.50
3-4 ft. whips	.95	2.65	7.95
4-5 ft. branched	1.40	3.75	10.00
5-6 ft. branched	1.80	4.95	14.95

**FIVE-IN-ONE APPLE TREE (Five varieties of apples on one tree)**

**150 5-in-One Apple**

Ripening from early summer to late fall. Five of the best apples known, the varieties are: Double Red Delicious, Red Stayman Winesap, Yellow Delicious, Anoka and Yellow Transparent. \$2.00 each

### Everbearing Strawberries

**425 GEM EVERBEARING**

The Gem is one of the best of the everbearing varieties. The fruit is long, firm, red all the way through and of good flavor and quality, and very attractive in appearance, hardy, disease resistant and big crop producer.

#### SEASONAL STRAWBERRIES

**428 BLAKEMORE**

Beautiful bright red berry with firm flesh and wonderful flavor. Heavy foliage protects fruits from sun—berries remain on vine a considerable time after ripening. Bears a big crop.

**431 AROMA**

Best late strawberry. It can not be beaten for quality or quantity of fruit produced. Plants show no weakness of any kind.

BLAKEMORE STRAWBERRY

### Peach Trees

#### NEW VARIETIES

**197 DIXIGEM**

This new peach is medium sized. The flesh is yellow, firm, fine texture, of excellent flavor, it is almost a freestone when fully ripe and is usually semi-free when at the shipping-ripe stage.

**198 DIXIRED**

A new early fleshed peach, about three fourths is covered with a bright, attractive red blush, the flesh is yellow, firm, medium texture, and of good flavor, medium size and self fertile. Ripens about two weeks ahead of Golden Jubilee.

**199 GOLDEN EAST**

Originated at the New Jersey Experiment Station, ripens early mid-season, good color, large yellow-fleshed, freestone peach, ripens two weeks ahead of Elberta.

**201 THE SULLIVAN EARLY ELBERTA**

It is a sport from the Early Elberta but is larger and considered a better keeper by orchardists that have tried them. A nice yellow freestone, firm, juicy and of high quality.

#### REGULAR VARIETIES

**202 THE NEW RED HAVEN**

Called by some famous growers as "The World's Rarest Peach", Red Haven has been tested by several large peach growers. It ripens early, colors bright red before ripening. Trees bear young and fruit is freestone and self-pollinating. Flesh is fine, golden, sweet, juicy.

**211 BELLE OF GEORGIA**

Large white fruit with decided blush. A very heavy and regular bearer.

**207 J. H. HALE**

Flesh yellow and sweet. Excellent for canning and shipping. Largest commercial freestone.

**212 GOLDEN JUBILEE**

Fruit is large, bright apricot-orange in color with brilliant red cheek. A delicious flavor.

**206 HALE HAVEN**

The one peach that has never failed to yield a full crop. A cross between the J. H. Hale, which is so large, and the South Haven, which is very fertile.

**204 ELBERTA**

The most popular of all peaches. Every orchard should have a few of these trees. A large oblong peach, yellow fruit with blush.

**216 LATE ELBERTA**

A peach of good quality. Big, yellow, freestone, very productive and fine for canning and freezing, it is considered the best late peach.

ELBERTA

### Cherries

#### SOUR CHERRIES

**263 EARLY RICHMOND**

It is the good dependable variety that yields such marvelous crops in the garden. The fruit is dark red, tender, juicy and of excellent quality.

**264 MONTMORENCY**

A large, light red cherry of the Richmond class. It is larger and more solid, about ten days late.

#### SWEET CHERRIES

**260 BLACK TARTARIAN**

A favorite sweet cherry, well adapted to almost any soil and climate. Lives to an old age, fruit medium size, brownish black, flesh purplish red, juicy, rich.

**262 NAPOLEON**

Very large, pale yellow, with bright red cheeks, very firm, juicy, and sweet, vigorous grower and productive.

#### PRICES ON CHERRY TREES

### Choice Pears

**250 BARTLETT**

Bears early, very juicy and highly flavored. Strong grower, bears abundantly.

**251 GARBER**

Fruit large, juicy, melting, rich and fine. Does well nearly everywhere. September and October.

**252 KIEFFER**

Large, golden yellow, often blushing in the sun; one of the best for preserving and canning.

**253 PINEAPPLE**

Has a distinct pleasing odor, resembling that of the pineapple. This pear is a very attractive yellow with conspicuous brown specks.

PRESIDENT HOOVER ROSE

## "Introducing the New Orient Pear"—

Boyd's are proud to introduce to their customers the new ORIENT Blight Free Pear introduced by Dr. Brooks D. Drain and associates at the University of Tennessee Experiment Station. There has been a great need for a good blight free pear for many years and this is the result of several years' work by the U.T. Experiment Station. The Orient is the most promising pear that has been introduced in the South for many years. It is a cross between the European and Asiatic Pear. Fruits uniformly and keeps excellent. Good for canning, preserving and eating. Foliage is dark green, very attractive and remains on the trees until late. It is a vigorous grower. We highly recommend this pear to our customers.

1 to 2 feet size @	Each
2 to 3 feet size @	\$1.00
3 to 4 feet size @	1.50

RED LEAF BARBERRY

## ROSES

Our Roses are Monthly Blooming and will bloom the first year after planting, Except the Climbing Talisman and Pauls Scarlet. Our varieties are good and a fine assortment of Colors.

### K. A. VICTORIA

The cream-white buds are of perfect form and sweetest fragrance.

### RED RADIANCE

Beautiful cerise-red blooms, large and full, with strong stems perfect for cutting.

### AMI QUINARD

The best dark maroon or velvet rose, nearly black, with a rich velvet sheen, very fragrant, fine for cutting.

### POINSETTIA

Velvety poinsettia red. True Color, non fade, good grower and excellent for cut flowers.

### GOLDEN CHARM

Deep yellow. Well formed and sweet scented. Beautiful flowers.

### LUXEMBOURG

A rich golden yellow rose, vigorous grower, branching habit.

### PINK RADIANCE

A popular rose that has not been equalled, superb, large blooms of silvery pink, shading to salmon, strong stem, fragrant, good for cutting.

### EDITOR McFARLAND

Large, glossy pink, well formed flowers on long stems, very fragrant and good for cutting.

### PRESIDENT HOOVER

A glorious blend of cerise, orange and gold. This popular rose is long stemmed and excellent for cutting. (See Color Photo.)

### TALISMAN

Truly a beautiful rose, large buds of vivid orange red, open to blooms of gold and maroon.

### CLIMBING TALISMAN

Fragrant and rich in color shades. Buds are orange-yellow opening into blooms of salmon-orange, shaded with red and gold.

### PAULS SCARLET

Brilliant large scarlet flowers and lasts for a long time, and is extremely hardy and rapid growing.

## INTRODUCING THE NEW "RED FLOWERING WEEPING PEACH"

It is a great pleasure to offer to Boyd's Customers the new Red Flowering Weeping Peach. This is the first time that we have been able to offer this wonderful Ornamental weeping peach. With large red flowers and weeping habit of growth similar to the weeping flowering cherry. You will be proud to place it in a prominent place in your yard so that it will be a specimen plant that will truly be a source of inspiration to you, your friends and neighbors. Order today as our supply is limited, and you will want one of these in your yard, or flower garden.

2 to 3 feet size	\$1.00 each
3 to 4 feet size	1.50 each

## SHADE TREES

### 850 CHINESE ELMS

A rapid growing shade tree, good in dry climates and also for wind-breaks.

5-6 ft.	Each
6-8 ft.	1.50
	2.00

### 852 SILVER MAPLE

One of the best fast-growing shade trees. Leaves bright-green above, silver underneath, turning to pale yellow in Autumn. We recommend this for a good, fast-growing shade tree.

5-6 ft.	Each
6-8 ft.	1.00
	1.50

### 864 GREEN WEEPING WILLOW

The Weeping Willow has been popular for

generations throughout the South, and is now popular throughout the whole country.

4-5 ft.	Each
5-6 ft.	1.00
	1.25

### CHINESE CHESTNUTS

(Blight Resistant—Bears in 3 to 4 yrs.) Plant in well-drained soil. Full sunlight if possible, for commercial planters, plant 40 feet apart. Trees grow to a medium size. If possible use well-rotted manure around them and when they bear use commercial fertilizer with high phosphorus. The meat of the nuts is excellent, compares favorably to the American Sweet Chestnut.

1-2 ft.	Each
2-3 ft.	1.00
	1.50

## FLOWERING TREES

### 804 WHITE FLOWERING DOGWOOD

This is a tree of beauty, in the spring covered with velvety white blossoms. Throughout the summer green leaves, turning to crimson in the fall, and full of red berries in the Autumn.

2-3 ft.	Each
3-4 ft.	.75
	1.00

### 806 RED BUD (Judas Tree)

A fast-growing tree with large, leathery, heart-shaped leaves, and before the foliage appears the tree is covered with a profusion of reddish-purple flowers.

2-3 ft.	Each
3-4 ft.	.50
	.75

### 810 PURPLE LEAF PLUM

A handsome plant, with deep purple leaves and deep wine red fruit; holds its color all summer.

2-3 ft.	Each
3-4 ft.	.50
	.75

### 812 PEPPERMINT PEACH

This new flowering tree is becoming more popular as people are seeing it in bloom. The bloom is white, semi-double with red stripes, resembling that of the peppermint stick of candy.

### 814 DOUBLE RED FLOWERING PEACH

### 816 DOUBLE WHITE FLOWERING PEACH

Each

18-24 in.	.50
2-3 ft.	.75

## EVERBEARING FIGS

### 525 EVERBEARING FIGS (Best of all figs)

Figs thrive in all portions of the cotton belt of the South as in no other section, but often are found as far north as New York and Michigan. They are interesting curiosities.

12-18 in.	each	per 10
18-24 in.	.40	3.50
2-3 ft.	.60	5.00
	.75	6.50

### 614 GOLDEN BELL, (Forsythia)

One of the first shrubs to bloom in the spring. Golden bell-shaped flowers cover the plant. Beautiful green foliage all summer.

18-24 in.	Each
2-3 ft.	.35
	.50

### 646 PINK WEIGELIA

An upright shrub which produces an abundance of pink blooms from the bottom to the top of the spikes, in May, Hardy, and too, a popular shrub.

18-24 in.	Each
2-3 ft.	.35
	.50

### 818 HOPA FLOWERING CRAB

It develops into a beautiful, graceful, medium sized tree, and the tree when in bloom is covered with large, single, deep-rose colored blossoms. Reddish fleshed fruits and reddish-purple foliage.

3-4 ft.	Each
4-5 ft.	1.00
	1.50

FRENCH LILAC

## FRENCH LILACS

### 651 PRESIDENT GREVEY

Double, light blue, immense panicles and symmetrical.

### 652 CHARLES X

Single, reddish purple, very beautiful and one of the best and most popular of the single lilacs.

### 653 NEGRO

Single, dark, violet-purple, beautiful blooms.

### 654 WILLIAM ROBINSON

Purple and grows so that it can be used for cut-flowers.

12-18 in.	Each	Per 10
18-24 in.	.50	4.50
	.75	6.50

### 658 ABELIA GRANDIFLORA

The graceful drooping stems and branches are covered with dark-green, glossy leaves from spring until frost. The blooms cover the plant with white flowers, flush with pink, which are borne in clusters.

18-24 in. bare root	Each
2-3 ft. bare root	.75
	1.00

### 632 SPIREA VAN HOUTEI

While in bloom it resembles the Hills of Snow, with pure white flowers borne in dense clusters along the whole length of the branches.

18-24 in.	Each
2-3 ft.	.35
	.50

### 628 BUTTERFLY, PINK CHARMING

A new butterfly bush, with long sprays of beautiful pink flowers often 10 to 15 inches long, blooms all summer.

18-24 in.	Each
2-3 ft.	.50
	.75

PINK BUTTERFLY

### 802 PINK FLOWERING DOGWOOD

This beautiful tree is very popular and in the spring is covered with flowers of a deep rose color; good in a group or as a specimen—when planted near a white dogwood it is more showy. One of our best flowering trees.

18-24 in.	Each
2-3 ft.	\$2.00
